Mary Whitney Phelps Tent No. 22 Dedicates Historical Marker at Phelps Grove Park in Springfield, Missouri

Mary Whitney Phelps Tent No. 22 dedicated a historical marker at Phelps Grove Park in Springfield on April 29. The marker honors the tent's namesake, Mary Whitney Phelps—who was a true heroine of the Civil War. Eight Phelps descendants, along with four spouses, travelled from six states to attend the historic event. The tent treated their honored guests to a reception at the Tower Club on April 28, followed by a tour of sites in the city connected to the historic Phelps name. The dedication was held the following day, attended by approximately 200 people. Civil War-era crafts were demonstrated, and musical entertainment was provided by Missouri State University's Brass & Sass before the program. Greetings were delivered by a number of government officials, and an appearance was made by "Mary Whitney Phelps" – portrayed by tent member, Rosemary Bane. The color guard was provided by the Phelps Camp No. 66, Sons of Union Veterans of the Civil War.

The wording of the marker is as follows:

MARY WHITNEY PHELPS 1812-1878

Born to a sea captain in Portland, Maine, this energetic redhead was orphaned at a young age when her father died at sea and her mother died soon thereafter.

Mary wed John Smith Phelps, a young lawyer in Simsbury, Connecticut, in 1837. The couple settled in Springfield, Missouri, the same year. During John's prolonged absences as a statesman, Mary bore the major responsibility for farm management and dedicated herself to operating local schools.

During the Civil War, Mary not only collected and transported supplies to Union armies at the battles of Wilson's

Creek and Pea Ridge, she also nursed wounded and dying soldiers. When she learned that General Nathaniel Lyon's body had been abandoned in Springfield, after the Battle of Wilson's Creek, she made arrangements for a coffin and concealed the body until relatives arrived from Connecticut to claim it.

In 1866, the United States Congress recognized Mary's services during the Civil War and awarded her \$20,000. She continued working with area orphanages and started a new school that ultimately served 250 orphaned children by 1868.

When the war ended, Mary became associated with the Confederate Burial Association. The association brought the remains of the Confederate soldiers who died at Wilson's Creek to a new Confederate Cemetery adjoining the Springfield National Cemetery. She also became a member of the National Woman Suffrage Association, serving as a vice president in 1869.

EVERYTHING YOU EVER WANTED or NEEDED TO KNOW ABOUT **RESOLUTIONS**

By Fran Black, PDP

Does your Tent have a suggestion for improving our Order, either at the Department level or National level, through a bylaws change or an addition to the bylaws? If so, the Tent will want to present that suggestion in the form of a resolution.

As defined by Robert's Rules of Order Newly Revised (RONR), a resolution is a motion that is put in writing because of its importance or because of its length or complexity.

Here are the steps for your Tent to follow to present a resolution:

- 1) According to the Missouri Department Officers' Handbook and Guidelines (the Red Folder), resolutions from Tents shall be forwarded to the Chairman of the Resolutions Committee at least six (6) weeks prior to Department Convention. That means if your Tent intends to present a resolution, it must begin work on the resolution well in advance of the deadline. If Department Convention is June 1st, your Tent's resolution has to be in the hands of the Resolutions Committee Chairman by April 15th.
- 2) A resolution can originate with an individual, but it is advisable to consult with members who can be of assistance in perfecting the resolution, and also with those members whose support will be needed for the adoption of the resolution.
- 3) A resolution <u>must be</u> presented to and approved by your Tent before it can move on to the Department Resolutions Committee. A cover letter should accompany the resolution stating the Tent's name and number and the date that the resolution was approved by the Tent. The Chairman of the Resolutions Committee should reject any resolution that has not been approved by a Tent.
- 4) A resolution may or may not have a preamble, which is a brief statement(s) of background or reasons for the resolution.
 - 5) The following is a skeleton example from RONR and can serve as a guide:

Whereas,[text of the first preamble clause];

Whereas,[text of the second preamble clause, if needed];

Whereas, [text of the last preamble clause, if needed]; Resolved,

That....[stating action to be taken];

Resolved, That.....[stating further action to be taken];

Resolved, That.....[stating still further action to be taken].

6) If the resolution is proposing a change in bylaws, the current wording of the bylaws should be stated in the preamble, and the proposed change in wording should be stated in the resolution.

You can learn more about resolutions by reading RONR (11th ed.), p. 105-110. A good example of a resolution, which originated with Mary Whitney Phelps Tent No. 22, and was approved at the Department level, and eventually by National, is printed in the March 2011 G.O.#2.
